

PERPETUAL EASTER & RESURRECTION

As we review the past six weeks of lent, with solemn and also joyous remembrance, there is reason to continue to contemplate the many Names of Wondrous Love of our now risen Savior. Continue to review these names and enjoy all they hold for us in what Jesus did for our salvation on His cross of redemption.

Dear friends, keep your eyes focused on the wondrous gift Jesus gave us as he willingly went to the cross for us and paid the penalty for our many filthy sins. The price he paid could never have been paid by us if we lived forever in this life. In his glorious resurrection he has opened up for us the wonderful promise and fulfillment of everlasting life with him in the glories of heaven.

What a tremendous and undeserved gift. As we go through these days and weeks following Easter, remember and revel in this gift--It is yours--It is mine-- It can never be taken away by our enemies

=====

As Mary pondered in her heart at the birth of our Savior, continue to ponder his Wondrous Names of Love in your hearts.

=====

Always keep in your sight these
"Names of Wondrous Love"
(Immanuel, The Truth, Jesus, Christ Crucified,
The Way, King, The Lamb,
The Alpha and the Omega, The Light)

=====

It is our prayer that you will keep the Lenten, Holy Week and Easter messages as excellent reminders to invite friends, neighbors and relatives who need to hear the good news of our crucified and risen Savior to attend some or all of worship services.

=====

My personal prayers and thanks go out to all who willingly shared in the many tasks involved in preparing for the festival of praise to our Glorious Risen Savior.
